RESTORE YOUR CONNECTION to each other

and discover the RELATIONSHIP OF YOUR DREAMS

with a weekend workshop designed to heal and create a new, conscious way to LIVE & LOVE

AG anew way to love

FALLING IN LOVE is a transformative journey of joy, discovery, passion and feeling fully alive. We feel completely whole when we fully connect.

Eventually, the relationship loses its luster, and we may begin to experience the pain of disconnection. Bitter, angry fighting or withdrawing replaces fun and joy, and we may wonder if we've "fallen out of love."

Couples having this experience find this workshop restorative and regenerative.

Many new couples very wisely come to a workshop while their relationship is still in the early stages because they want to make the most out of their life together. In EITHER CASE, a *Getting the Love You*Want weekend workshop provides a safe environment to give you the tools to:

- Dramatically improve communication and reach deeper understanding
- Create space in the relationship for both of you to address your needs
- Understand why the unconscious attraction to your partner is also what creates conflict
- Use these conflicts to create a deep connection again
- Share some fun and laughter
- Create a conscious, intentional, loving, rewarding way to live and love

You will have the opportunity to ask questions, work with an Imago Relationship Therapist or share experiences with other couples. You will not be required to disclose any personal information. You can simply listen, observe and work privately. The choice is completely yours.

"Truly a life-changing weekend for us... in our relationship as well as our personal lives with family and friends."
